### All Chicago Area Catholics And The Entire Croatian Community Celebrate Our New Archbishop

On Tuesday, November 18th, the Consul General of the Republic of Croatia and clergy from the local Croatian parishes in Chicago will attend the Installation Mass of Archbishop-designate Blase J. Cupich at Holy Name Cathedral in Chicago. A member of Sacred Heart Croatian Parish will take part in the Installation liturgy on behalf of the Croatian community. "The Croatian people are very proud of the upcoming appointment of Archbishop-designate Cupich," said Dr. Jelena Grcic-Polic, Consul General of the Republic of Croatia. "We celebrated the election of a Croatian Mayor almost thirty years ago, and now our community will watch history unfold this Tuesday. We hope that the new archbishop will feel that presence and be proud of it as well." The Consul General and clergy will be available for interviews after the Tuesday events.

Archbishop-designate Blase Cupich will succeed Cardinal George as the ninth Archbishop of Chicago. "As Catholics, we are proud to be an essential part of the 2,000 year history of the Christian faith," said Father Joe Grbes, The succession of Bishops goes back to the time of Jesus. We value tradition as a vehicle of living faith. Archbishop Cupich is part of the same succession, the same tradition that was nourished in his Croatian family."

The City of Chicago and its outskirts is home to more than 250,000 Catholics of Croatian descent.

### Kick-Off The Holidays At The 101st Annual Christmas Tree Lighting Ceremony On Tuesday, November 25 At Daley Plaza

The FREE event begins at 4:30 p.m. with performances headlined by rocker Dee Snider of Twisted Sister fame. The official tree lighting will be at 5 p.m.

"Each year Chicagoans gather for the annual tree lighting ceremony to officially start the holiday season," said Mayor Rahm Emanuel. "I hope you will join me on Daley Plaza together with your family and friends for this holiday tradition."

The 101st Annual Christmas Tree Lighting Ceremony is presented by the City of Chicago and UL. "UL is deeply rooted in the Chicago landscape and we are proud to, once again, be a sponsor of the City of Chicago's annual Christmas tree lighting," said UL's President and CEO Keith Williams.

### The Atkinson Family Tree From Elgin, Illinois Will Shine In Daley Plaza As Chicago's Official Christmas Tree

The City of Chicago is pleased to announce that the Atkinson Family Tree from Elgin, Illinois was selected to serve as this year's Christmas tree on Daley Plaza. The 57-foot Colorado blue spruce will be lit at the 101st Annual Christmas Tree Lighting Ceremony on Tuesday, November 25. The program will begin at 4:30 p.m. with live performances by Dee Snider's Rock & Roll Christmas Show, Hansel & Gretel - A Wickedly Delicious Musical Treat and a special appearance by The Grinch from Dr. Suess' How The Grinch Stole Christmas - followed by the lighting ceremony at 5 p.m.

Donna Atkinson and her family will join Mayor Rahm Emanuel, Santa Claus, sponsor UL and special guests to light the tree. Ms. Atkinson has nominated her tree for the last

three years and it was always a runner up. "The third time wasn't the charm, but maybe the fourth will be," she said in her nomination. "My friends and family are looking forward to celebrating in Chicago. I'm ready to flip the switch!" Chicago's Christmas Tree will be on display at Daley Plaza through January 6, 2015.

Since 2009, Chicago's Christmas tree has been a single tree donated by a Chicago-area family. During the summer and early fall, the Department of Cultural Affairs and Special Events received more than 80 submissions from Chicagoland residents who hoped that their tree would be selected to shine on Daley Plaza during the holidays. The tree was selected with the assistance of The Brickman Group (landscaping/tree professionals).

**A Message From The Secretary**  
**An Open Letter To America's Veterans**

At the Department of Veterans Affairs (VA), we have one of the most noble and inspiring missions in Government. I accepted this job and joined this mission to better serve you—our Veterans—and improve the delivery of the care and benefits you have earned. It is our privilege to serve you, and I have made clear that as we move forward as a Department, we will judge the success of all our efforts against a single metric—the outcomes we provide for Veterans.

The Veterans Access, Choice, and Accountability Act of 2014 (VACAA), enacted less than 3-months ago, goes a long way toward enabling VA to meet the demand for Veterans health care in the short-term. VA has put considerable focus and attention on ensuring the law is implemented seamlessly, without confusion, and without creating hardships for Veterans. This legislation provides authorities, funding, and other tools to better serve Veterans in the short-term. We are appreciative of this temporary measure to improve access while we build capacity within the VA system to better serve those who rely on us for health care.

From June 1 to September 30, 2014, VA completed more than 19 million Veteran appointments in our facilities and made nearly 1.1 million authorizations for Veterans to receive care in the private sector and other non-VA health facilities—a 46.6-percent increase over the same period in 2013. This was all done under existing programs prior to the passage of VACAA, and sets the stage for strengthening existing partnerships between VA and the private sector. We have much we can share with one another to the benefit of Veterans.

VA has signed contracts with two private health care companies to help VA administer the Veterans Choice Program (Choice Program) under VACAA. The Choice Program is a new, temporary benefit allowing some Veterans to receive health care in their communities rather than waiting for a VA appointment or traveling to a VA facility. It does not impact your existing VA health care or any other VA benefit you may be receiving. We will begin implementing this benefit on November 5, as required by law. A call center is now operational to answer your questions and verify your eligibility for this program.

As part of this new program, we are issuing a Veterans Choice Card to every Veteran who is potentially eligible for the new, temporary health benefit. The Choice Card allows Veterans to elect to receive care outside of VA when they qualify for the new program based on the distance of their residence from a VA care facility, or when wait times for VA health care exceed the standards established in law. The Choice Card does not replace the identification card you already use to access other VA benefits; please do not throw away that identification card.

The Choice Card will be issued in three phases. The first group of Choice Cards along with a letter explaining eligibility for this program is currently being sent to Veterans who may live more than 40 miles from a VA facility. The next group of Choice Cards and letters will be sent shortly thereafter to those Veterans who are currently waiting for an appointment longer than 30-days from their preferred date or the date determined to be medically necessary by their physician.

The final group of Choice Cards and letters will be sent between December 2014 and January 2015 to the remainder of all Veterans enrolled for VA health care who may be eligible for the Choice Program in the future.

We are continuing to work with our partners—Congress, Veterans Service Organizations, and others—to get the information about this health program out to Veterans in as many ways as possible. Please visit our Web site at [www.va.gov/opa/choiceact](http://www.va.gov/opa/choiceact) where we have provided helpful information on Choice Program eligibility. We will work with our partners to keep you informed as we improve our delivery of high-quality, timely care.

Thank you for your service and sacrifice.

Sincerely,  
Robert A. McDonald

## Boys & Girls Club Sponsors Needed

Dear Boys & Girls Club Sponsor:

The Logan Square Boys & Girls Club will be holding its annual Christmas activities with the children and families and are in need of your support to assist in purchasing toys and food for the families this year. One of the events we do is a shopping trip to Target for our teen members. Most parties are geared to the younger children and the teens seem to be left out.

The cost of sponsoring a child for this event is \$40.00, which covers a gift card for them to make their purchases. Most of the youth seem to purchase clothing that they need for school. Some also try to get something small for a parent or sibling. After the shopping is done, they return to the Boys & Girls Club where they write a thank you note to their sponsor and have pizza and soda.

This program will be on Friday, December 19th and we need to line up our sponsors no later than December 5th. If you would like to bring some holiday cheer to these youth please consider sponsoring a youth or two.

We hope that you will join us for this fun holiday experience with our teens.. If you should have any questions please call me at (773) 342-8800 x4212.

Sincerely,  
John A. Stephan  
Club Director

## Find A Seasonal Holiday Job With These Tips From The Better Business

If predictions hold true, it could be a very merry Christmas for retailers and package delivery services as well as for those looking for seasonal employment. Hiring for seasonal workers could top 800,000 this year, which is substantially higher than in 2013. However, having more jobs available is still no guarantee of employment. The Better Business Bureau says job seekers must be prepared.

"Those who are looking for work shouldn't limit themselves to applying for sales positions only," says Steve J. Bernas, president & CEO of the Better Business Bureau serving Chicago and Northern Illinois. "There are opportunities in customer service, and marketing, as well as with restaurants, caterers, and hotels; they often beef up staffs to handle holiday parties."

The BBB offers the following tips to successfully find seasonal holiday employment:

- **Start your job search today.** The key to landing a seasonal job is to start searching early. Now is the time for job hunters to determine which job suits them best, identify companies they'd like to work for and then begin submitting applications and resumes.
- **Research companies prior to submitting applications.** Always check out the company's BBB Business Review for free at [www.bbb.org](http://www.bbb.org) to see if the company has received a good rating from the BBB and a record of taking care of consumers and employees.
- **Be careful with credit card or checking account information.** Never give these account numbers to an individual or business that promises employment. Legitimate employers never charge fees to prospective employees.
- **Work where you shop.** Try to identify seasonal employment with businesses you actually shop at or frequent. You will already be familiar with the company and its products and discounts available for employees may mean significant savings when shopping for holiday gifts.
- **Put your best foot forward.** Even if you are just picking up an application at stores in the mall, dress your best and be prepared for an interview. This includes being familiar with the company's brand and its products, as well as reviewing the store's website. Retail job hunters in particular need to focus on impressing potential employers with their customer service skills, which is a must when dealing with stressed-out shoppers, long check-out lines and day-after-Christmas returns.
- **Be flexible.** Full-time employees usually have first dibs on the preferred hours and shifts. As a seasonal employee, expect to work long, sometimes inconvenient hours that may include Thanksgiving and Christmas Eve. If this is a second job in addition to your day job, be upfront and clear with your new employer about your availability.

For more tips on scams, visit [www.bbb.org](http://www.bbb.org), like us on Facebook and follow us on Twitter.

## Austrian Mixed Chorus participates in the "Christmas Around The World Program"

An Alphorn player will be accompanying the choir on a few songs and will also explain the history of that unique instrument. So if you wish to be transported to Austria (at least for a couple of hours) for the Holidays, the land where "Silent Night, Holy Night" originated, please mark your calendar and plan to attend. On display will be Christmas trees beautifully decorated by about 50 different countries from around the world, including Austria.

## Celebrate Legendary Rivalry With Chicago White Sox And Chicago Cubs At Harold Washington Library Center

Fans, are you missing baseball season? For most Chicagoans, the rivalry between the Chicago White Sox and the Chicago Cubs is legendary. Fans' loyalty to one team or the other appears to divide the city into North Side and South Side, depending on where you live.

Now fans can explore that fabled baseball rivalry at Chicago Public Library as part of a new exhibit, Sox vs. Cubs: The Chicago Civil Wars, currently on display in the Special Collection Exhibit Hall, 9th Floor, at the Harold Washington Library Center, 400 S. State St. The Sox vs. Cubs exhibit was produced by the Elmhurst Historical Museum, a department of The City of Elmhurst, Illinois. The exhibit runs through February 8, 2015, and can be seen daily during regular library hours.

The Sox vs. Cubs exhibit features both teams' historical development and details, statistical information, photographs, memorabilia, souvenirs and other materials. In addition, several video presentations—two of which are designed like the classic Cubs' and White Sox's scoreboards—offer compelling testimonials from some players, fans and local sports broadcasters. The exhibit also

features a playful component which includes interactive "Color Your Mascot" and "Create a Cartoon" coloring sheets, as well as vintage cartoons following the "up and down" seasons of

both teams.

Since 1873, the Chicago Public Library (CPL) has encouraged lifelong learning by welcoming all people and offering equal access to information, entertainment and knowledge through innovative services and programs, as well as cutting-edge technology. Through its 80 locations, the Library provides free access to a rich collection of materials, both physical and digital, and presents the highest quality author discussions, exhibits and programs for children, teens and adults. CPL recently received the Social Innovator Award from Chicago Innovation Awards; won a National Medal for Library Services from the Institute for Museum and Library Services and was ranked number one in the U.S. and third in the world by an international study of major urban libraries conducted by the Heinrich Heine University Dusseldorf in Germany. Without them, we would not be who we are today! Share with us why you are thankful for your pet by emailing [pr@anticruelty.org](mailto:pr@anticruelty.org). We would love to hear from you!

## New “Incentovate” Grants Help Chicago’s Cultural Institutions Create New Arts Experiences For The Public

**Competitive Grants Worth A Half Of A Million Dollars Awarded To Five Cultural Projects In Chicago**

The Chicago Department of Cultural Affairs and Special Events (DCASE) is pleased to announce the inaugural group of IncentOvate Program grant recipients. Chicago Children’s Choir, the Chicago History Museum, Lyric Opera of Chicago, the National Museum of Mexican Art and the Old Town School of Folk Music will receive competitive grants totaling \$500,000 to support projects that further the goals of the Chicago Cultural Plan and Cultural Tourism Strategy.

“This first group of IncentOvate Program grantees shows the creativity and ingenuity of our city’s great cultural institutions and neighborhood arts organizations,” said DCASE Commissioner Michelle T. Boone. “Each of these projects contributes to the cultural landscape and shows why Chicago draws people from all over the world to experience its arts.”

The IncentOvate Program is part of the Cultural Grants Program of the Chicago Department of Cultural Affairs and Special Events, which provides more than \$1.7 million annually in direct funding to artists, creative professionals and arts and cultural organizations across Chicago – including the CityArts Program, which supports small to mid-sized nonprofits, and the Individual Artists Program. IncentOvate stimulates cultural innovation and supports the city’s larger cultural institutions to foster the creation of new large-scale public arts experiences. This new competitive grants program is made possible by Chicago Cultural Plan implementation funds in an effort to advance goals articulated in both the Chicago Cultural Plan and the Chicago Tourism Strategy. Twenty-eight applications were judged on criteria that included 1) the innovation of a new program or product; 2) the presence of or collaboration with neighborhood cultural programs or experiences and 3) the opportunity for audience growth through arts education for all ages, increased access to the arts, the integration of culture into daily life and/or enhanced collaboration across public spaces.

The five projects funded by this year’s IncentOvate Program are:

- Chicago Children’s Choir (CCC) will use grant funds towards the development of a modern retelling of Homer’s Odyssey set in Chicago, created in collaboration with the Q Brothers, known for hip-hop adaptations of Shakespeare. The planning phase of the project will include workshops for CCC singers, music development sessions and video documentation of the creative process. The final work, a contemporary fusion of hip-hop and choral singing, will be presented as an integral component of CCC’s 60th anniversary celebration in 2016.
- The Chicago History Museum is developing a new exhibition, Chicago Authored, which will explore the history of writing in and about the city. The exhibition will

feature many current and past authors who have given shape to our understanding of Chicago over time. IncentOvate will support the development of interactive components in the gallery, an audio tour, and various public programs, including city tours and Chicago-centered book clubs and author talks. The exhibition, which will open next year, is the result of a bold crowd-sourcing experiment that received hundreds of suggestions from the public before this theme was chosen by popular vote.

- Through its Lyric Unlimited program, the Lyric Opera of Chicago is launching the new Chicago Voices project, which will create new music theater pieces generated by a citywide invitation to Chicagoans to share their community stories. A number of these stories will be developed into simple scripts set to music and performed in semi-staged readings in neighborhood venues. The filmed versions of these performances will be posted online for a community vote, and three stories will receive financial, artistic and technical support with input from the community participants to fully realize and stage their productions at a major city venue.
- The National Museum of Mexican Art plans to expand its well-known Day of the Dead celebration held each fall based on the historical and spiritual tradition observed in Mexico. In remembrance of loved ones no longer with us, the museum will place Ofrendas in various locations throughout Chicago’s neighborhoods as well as a “Super Ofrenda” in downtown Chicago. Accompanied by activities for families including street performers from Mexico, the downtown event will center on a projection on a Loop building of photos contributed by Chicagoans of lost loved ones they wish to remember and celebrate. Additionally, the museum will support the annual Day of the Dead Catrina cultural costume parade through Pilsen – a community tradition.
- The Old Town School of Folk Music will elevate public awareness of Chicago’s master traditional musicians – “living cultural treasures” – in a campaign called Iron Heart Chicago. In a unique partnership with the Chicago Transit Authority (CTA), the Iron Heart musical “heroes” will play over 60 live events at stations on all six L lines, as well as neighborhood parks and public libraries. Digital signage on CTA platforms, taxicabs and office buildings will give 30-second compelling stories of these music artists and direct the public to a mobile app that further gives information on geo-targeted public performances, sample videos and even lessons on local music history. Applications for the Individual Artist Program are now open and are due in December, and the CityArts Program applications open on November 14 and are due in January. ## Village Cooking Corner

The Holidays are all about family members and friends gathering around the table to socialize and "break bread together." In addition to the ever-popular cookies, we also need side dishes to go with the main course such as roast turkey, baked ham, etc. Before the summer break, the Queen of Angels Church Choirs in Chicago's Lincoln Square neighborhood always have a Pot Luck Luncheon after Mass. The following recipe for the Two Corn Casserole is from Stella (Alto) and John (Bass) of the Adult Choir and it is from Stella's daughter Yolanda. I enjoyed the casserole so much that I asked for the recipe and made it for Thanksgiving last year. Our guests enjoyed it very much. I like casserole dishes because the food can be brought right from the oven to the table, and it keeps warm longer.

### Two Corn Casserole

- |   |                                 |
|---|---------------------------------|
| 1 onion, chopped                            | 1 can whole corn (do not drain) |
| 1 small green pepper, chopped               | 1 can cream-style corn          |
| 1 stick (or a bit less) butter or margarine | 1 Box Jiffy corn muffin mix     |
| 3 eggs                                      | 1 cup shredded cheddar cheese   |

Saute onion and green pepper in butter and allow to cool. In a large bowl mix lightly beaten eggs, both cans of corn and the Jiffy corn muffin mix. Add the onion and green pepper mixture. Pour into a casserole dish or a 9 x 13" pan which should be sprayed with Baker's Joy. Sprinkle cheddar cheese over top. Cover pan for a softer crust or leave uncovered for a crisper top. Bake at 350 degrees for 55-65 minutes until top is nicely browned. Let cool a bit and slice into serving-size pieces.

## Lessons Learned From My Father

**Ted S. Przybylo - Original Owner and Founder of the White Eagle**

In Dec. 2009, I decided to share stories about my Dad ... to keep his memory alive here at the White Eagle. The first lesson I shared pertained to Christmas – The spirit, motive, and sensitivity of giving a gift and sharing your good fortunes. Though he has been gone since 1992, his wisdom lingers in my heart. And, before the season is officially ended (in Poland it ends at the beginning of Feb.) I thought you might enjoy another Christmas story.

### LESSON 2 CHRISTMAS EVE - 1980

The Solidarity movement had begun in Gdansk, Poland under the leadership of Lech Walesa. This was the beginning of the end to Communism in the Warsaw Pact countries. Lives were lost for freedom and those in danger of incarceration and severe punishments, fled their country. With the new Refugee Act in place, Chicago was a viable destination, with its Polish Churches, neighborhoods and organizations. The Polish Welfare Association offered to help find shelter, jobs, and food for the hundreds arriving in early Dec. (My brother Andrew was the Pres. Of the P.W.A.- Dad had preceded him as president and was still active.)

((Christmas was a few days away, and Dad began to worry about this first holiday (a most important one) for the refugees. They were without their families and far from their Homeland. Wigilia (Christmas Eve dinner) was the religious tradition of welcoming the infant Jesus into the family. And for the refugees, there was no family.))

And so, Dad declared that we would be their family. After clearing it with my mom, (who counted on us to help her prepare for the 80 people family dinner) the wheels were put in motion. The 6 of us and Dad, would serve the meal, offer Christmas wishes (in badly spoken Polish for most of us) distribute gifts and food baskets from under the tree, and then gather around the piano to sing Kolendy (Polish caroles). We couldn't communicate well, but by singing these sentimental songs together, we were all moved to tears. Personally, it was one of my most special Christmas memories. Just then ... the door opened and in walked Maryann Childers, an ABC news broadcaster, and cameramen. What she thought would be a great human interest story and great publicity for our business, became a shattered effort. My father blocked their entry and asked them to leave. He could not allow this very private time, for 75 refugees, to be exploited for personal gain. The newswoman and her crew left. Dad went back in to embrace his new friends.

**Merry Christmas from Vivian**

# Tips to Prepare Now for Severe Winter Weather Ahead

Cold temperatures, heavy snow, and treacherous ice storms are all risks of the impending winter season.

“Severe winter weather can be dangerous and even life-threatening for people who don’t take the proper precautions,” said FEMA Region V acting administrator Janet Odeshoo. “Preparedness begins with knowing your risks, making a communications plan with your family and having an emergency supply kit with essentials such as water, food, flashlights and medications.”

Once you’ve taken these steps, consider going beyond the basics of disaster preparedness with the following tips to stay safe this cold season:

## Winterize your emergency supply kit:

- Before winter approaches, add the following items to your supply kit:
- Rock salt or other environmentally safe products to melt ice on walkways. Visit the Environmental Protection Agency for a complete list of recommended products.
- Sand to improve traction.
- Snow shovels and other snow removal equipment.
- Sufficient heating fuel and/or a good supply of dry, seasoned wood for your fireplace or wood-burning stove.
- Adequate clothing and blankets to keep you warm.

## Stay fire safe:

- Keep flammable items at least three feet from heat sources like radiators, space heaters, fireplaces and wood stoves.
- Plug only one heat-producing appliance (such as a space heater) into an electrical outlet at a time.
- Ensure you have a working smoke alarm on every level of your home. Check it on a monthly basis.

## Keep warm, even when it’s cold outside:

- If you have a furnace, have it inspected now to ensure it’s in good working condition.
- If your home heating requires propane gas, stock up on your propane supply and ensure you have enough to last an entire winter. Many homeowners faced shortages due to the record freezing winter weather last year, and this season there’s the possibility of lower than normal temperatures again. Don’t be caught unprepared.
- Avoid the dangers of carbon monoxide by installing battery-powered or battery back-up carbon monoxide detectors.
- Winterize your home to extend the life of your fuel supply by insulating walls and attics, caulking and weather-stripping doors and windows, and installing storm windows or covering windows with plastic.

## Prevent frozen pipes:

- If your pipes are vulnerable to freezing, i.e., they run through an unheated or unprotected space, consider keeping your faucet at a slow drip when extremely cold temperatures are predicted.
- If you’re planning a trip this winter, avoid setting your heat too low. If temperatures dip dangerously low while you’re away, that could cause pipes to freeze. Consider draining your home’s water system before leaving as another way to avoid frozen pipes.

You can always find valuable information to help you prepare for winter emergencies at [www.ready.gov/winter-weather](http://www.ready.gov/winter-weather). Bookmark FEMA’s mobile site <http://m.fema.gov>, or download the FEMA app today to have vital information just one click away.

FEMA’s mission is to support our citizens and first responders to ensure that as a nation we work together to build, sustain, and improve our capability to prepare for, protect against, respond to, recover from, and mitigate all hazards.

Written by Anita Pildes

*Mothers.*

*We have stood at tent doors,  
On porches and balconies,  
At the top of staircases  
To say goodbye.  
First just to our sons.  
Now to our daughters too.  
To War.  
To battlefields.  
In our homeland  
and to countries unknown.  
Now in our classrooms.  
We pray for their safe return.*

## Make A Lasting, Positive Impact This Holiday Season: Give Family And Friends Gifts From The Arbor Day Foundation

Celebrate this year's holiday season with friends and loved ones while supporting conservation and tree planting with the help of the Arbor Day Foundation.

- Returning for the sixth season in a row, Give-A-Tree cards from the Arbor Day Foundation offer a unique holiday giving opportunity with conservation benefits that will endure for generations. And again this year, Give-A-Tree cards can be purchased individually and with customized text.

- Purchasing the Arbor Day Foundation's specialty coffee helps preserve rain forests in Central and South America. The Foundation's Specialty Coffee is shade-grown under the canopy of Latin American rain forests. Unlike sun-grown coffee plantations, this traditional shade-grown method gives the coffee a rich and delicious flavor, while preventing the destruction of forestland.

- The Foundation's Trees in Celebration

program allows the giver to honor loved ones while supporting crucial conservation efforts. For each dollar donated, one tree is planted in a high-need forest, and recipients are given a certificate showing them where the trees were planted.

- By giving friends the gift of membership to the Arbor Day Foundation, recipients will also be sent 10 free trees, which will be shipped at the right time of year for planting.

"The holidays are a time for thinking about others, and as you do, take a moment to think about what you can do to protect the beauty and splendor of the Earth," said Matt Harris, chief executive of the Arbor Day Foundation. "We encourage everyone to give gifts that will have a lasting impact for generations to come."

## Norwood Seniors Network Celebrates 20 Years Of Serving Seniors

Reaching out to meet the needs of the ever increasing older population who want to live independently requires a commitment of a mission oriented non-profit organization whose primary purpose is to improve the quality of life for its clients. With that in mind, Norwood Seniors Network (formerly Norwood Park Seniors Network) was established as an affiliate of Norwood Life Society and is now proud to celebrate its 20th anniversary.

In 1994, Norwood Seniors Network began a targeted program of home-delivered meals to older adults who wanted to maintain a more independent lifestyle in their homes. Over the years, Norwood Seniors Network recognized that other services were needed and added care management, in-home care services, transportation, social outings, and emergency response, all designed to enhance the safety, privacy and dignity of area seniors.

Their client base is the far northwest side of Chicago and nearby suburbs. In 2009, Norwood Seniors Network filled another void on Chicago's far northwest side by agreeing to manage the newly-opened Norwood Park Senior Center, located adjacent to the Norwood Park Fieldhouse. Since then, the Center has become one of the most successful and most visited in the city.

In 2013, Norwood Seniors Network re-

ceived a perfect score in a client rating of caregivers, services, organization, and office responsiveness. The quality of care offered by Norwood Seniors Network was recognized the past two years with the Best of Home Care Provider of Choice and Best of Home Care Employer of Choice Awards.

A dedicated Norwood Seniors Network staff provides professional monitoring and services that its clients deserve. Within the staff is a full-time registered nurse who provides care management assessment, caregiver oversight and fulfills other related responsibilities. Norwood Seniors Network is located at 6009 N. Nina Ave. in Chicago, phone (773) 631-5673.

## CTA Ride Free Permit Expiration Date Quickly Approaching: Senior Ride Free Permits Expire Nov. 30

The Regional Transportation Authority (RTA) is reminding riders that the expiration date of November 30 on Ride Free permits, used by qualifying seniors, is quickly approaching. If riders have not yet applied for the State of Illinois Benefit Access Program (BAP) they are encouraged to do so now in advance of the rapidly approaching expiration date.

In June, the RTA extended the expiration date of Ride Free permits for seniors to November 30. The extension allowed more time for riders to apply for the BAP program as it could take between four and six weeks for eligibility to be approved.

"We extended the renewal process to ensure every qualified rider is able to ride the transit system," said Leanne Redden, Executive Director of the RTA. "We hope the extension has given the riders the time they needed to apply through the BAP program to ensure there are no interruptions in their service. If they have not applied yet, they should do so immediately, as time is running out."

Approximately 24,000 seniors have yet to renew their permits. The RTA is required by law to issue these permits to individuals who have been approved by the BAP program.

If a senior has recently applied for or has received a new Senior Ride Free permit, no additional action is required at this time.

There are two ways to apply for eligibility through BAP:

1. From any computer or mobile device, visit the Illinois Department on Aging Benefit Access Program website at [www.illinois.gov/aging](http://www.illinois.gov/aging) and click on the "Benefit Access" tab.

- The State only allows applications online, not in writing or over the telephone

- The applicant must submit documentation online, which may require scanning documents to a computer to submit them online

2. If assistance is needed filling out the online form to confirm eligibility for the Illinois Benefit Access Program, an applicant may do one of the following:

- Chicago residents can visit any of the City of Chicago's six Regional Senior Centers Monday through Friday, between 8:30 AM and 3:30PM. Riders can call 311 to find the closest Regional Senior Center or

- Call the Illinois Department on Aging at (800) 252-8966 to find a conveniently located center where staff can assist in filling the application.

## Resurrection College Prep Honored Alumna Veteran Ramina Orah '03 At Salute Assembly

Honoring the service and sacrifice of veterans, the Resurrection College Prep High School students, staff and faculty honored veterans from the community at a Salute Assembly on Thursday, November 6, 2014 in observance of Veterans Day. The assembly was coordinated along with Salute, Inc., a non-profit organization based in the northwest suburbs that actively supports military families. In a special way, Resurrection honored U.S. Air Force veteran Ramina Orah '03, Resurrection alumna from the Class of 2003. Ramina was a Senior Airman who was deployed to Iraq in 2006. On her birthday, February 17, 2008, she suffered a stroke. While her recovery has been difficult and her speech has been profoundly impacted, Ramina Orah continues to have a positive attitude and shared a special message of hope with the students of Resurrection.

Student leaders at Resurrection helped to organize and run the assembly, including junior Allison Carleton '16 who proposed the idea for the assembly and Student Council President and senior Katelyn Switzer '15 helped to lead the assembly. Freshman Kayla Vargas '18 led the group in prayer, freshman Adriana Whitmore '18 sang the National Anthem, and junior Sabrina Jaroch '16 shared her personal essay about a veteran who touched her life. Allison Carleton '16 and Salute, Inc. Executive Director Mary Beth Beiersdorf gave a tribute to Ramina Orah. Ms. Beiersdorf commended Ramina and her parents, Elizabeth and Albert Orah of Jefferson Park.

Illinois State Representative Michael McAuliffe presented Ramina with a commendation and friends and classmates from the Resurrection Class of 2003 surprised Ramina at the assembly. Also in attendance were State Senator John Mulroe, Cook County Commissioner Peter Silvestri, 41st Ward Alderman and Resur-

## Taking Care of Rover After You're Gone

**Chester M. Przybylo**

Your pet may have been with you for years. In fact, pet ownership can likely lead to a higher life expectancy. A report by The British Journal of Health Psychology found that pet ownership resulted in lower blood pressure, lower cholesterol, and better overall health. In fact, pets may be especially helpful when you are in the greatest need. A study in Public Health Reports found the heart attack survival rate among pet owners was 28% higher than among those without pets. Many people suspect these health benefits of pet ownership result from the companionship the pet provides. In many cases, pets are considered a member of the family.

We plan for our human family members with a Will, a Living Trust, and other vehicles to ensure they are taken care of. However, we often forget about our furry and feathered family members or assume that one of our surviving family members will take on their care. However, if we do not make arrangements for our pets, they may join the hundreds of thousands of sad pets who end up in shelters or are euthanized because their owner is no longer able to take care of and provide for them. For example, according to the ASPCA, 2-3% of pets entering shelters each year do so because of the death or disability of their owner. That is between 120,000 to 240,000 loving cats and dogs who end up in shelters, or worse, because of their owner's death or disability. None of us like to consider our own mortality. When doing your planning, don't forget the pet members of your family. These loving, vulnerable members of your family need you to plan for them, too.

While you cannot prevent your own death or disability, you can prevent your loving pet from ending up in a shelter or being euthanized at your death. You can arrange with your friends or family for someone to be your pet's caretaker upon your death or disability. The estate plan you create for your family should include a "Pet Trust," a trust which ensures that your loving pet is cared for even after you are gone. An estate planning attorney can designate the primary caretaker in your Trust. You should also name an alternate caretaker, in case your primary caretaker is unable or unwilling to fill that role when the time comes. Additionally, the ideal caretaker for your pet may not have the financial resources to meet your pet's needs, particularly if your pet has specialized dietary and health concerns. You can leave a list of your pet's foods, medicines, veterinarian, and other useful information for your pet's caretaker. Your Trust can set aside some money to provide for your pet's food and medical needs for the remainder of your pet's years. Your Trustee will administer that money and is under a duty to use the money that you set aside for your pet's needs. If you choose, you can even pay your pet's caretaker a monthly stipend or a set sum for taking on this responsibility. If you have no friends or family to act as caregiver for your pet, consider designating a charitable organization such as Best Friends ([www.bestfriends.org](http://www.bestfriends.org)), Bideawee ([www.bideawee.org](http://www.bideawee.org)), or a similar pet adoption / rescue agency to take your pet, along with a donation, to the charity as part of your estate plan. A qualified estate planning attorney, one who focuses his or her practice in estate planning, will know how to craft a Pet Trust to provide for your loving pet.

Your pet has provided you with love and affection. Now, you can do something to ensure that someone is there to love and care for your pet, even if you are no longer able to do so. Do the loving thing, call your estate planning attorney today to arrange for a Pet Trust.

## Roberta Wachowicz Speaks To PNA North Side Seniors

By Robert M. Jadach

The November meeting of the Polish National Alliance North Side Senior Group met at the PNA Home Office on Wednesday, November 12, 2014.

PNA Vice President Paul Odrobina introduced our guest speaker, Mrs. Roberta Wachowicz who spoke about a novel her mother Erna M. Russnak wrote over 50 years ago. Roberta mentioned that Erna's book was originally drafted on the blank sides of Christmas Card. The hand written work was then typed out on an old fashioned typewriter into the story called "Perhaps Tomorrow". Erna sent out the 495 typed manuscript to publishers who did not publish the book and put on a shelf until 1997 when her

daughters Roberta Wachowicz and Ann Malon found the unpublished work and began a way to get the story published. Sadly Erna passed away in 1991, but her daughters went to fulfill her dream of having her book published.

Roberta briefly took the seniors on the journey of love and discovery, where it starts off on the Queen Mary Ship and takes the title character throughout Europe.

The novel "Perhaps Tomorrow" is available on the Amazon and Kindle websites.

Vice President Paul Odrobina and the North Side Seniors would like to thank Roberta Wachowicz for speaking at our meeting and wishes her well on keeping her mother's dream alive.

## Scams Aimed At Veterans, Caregivers And Donors Cheat And Dishonor Vets Service

The Better Business Bureau (BBB) is warning veterans and their families of scams that may be targeting them. The scams also target those with plans to donate to a military or veteran-related cause. The BBB says veterans and civilians who are planning to donate to a charity for Veteran's day should use caution; and recommends that they research the organization and check with the BBB.

"While these types of scams represent the most common there can also be several variations of them," says Steve J. Bernas, president & CEO of Better Business Bureau serving Chicago and Northern Illinois. "It's important to remember, never give money to someone online or over the phone when you aren't 100 percent certain where it's going or what your donation will be used towards."

The most common veteran scams include:

- Charging veterans for services they could get for free or less expensively elsewhere, such as military records.
- Fraudulent investment schemes that convince veterans to transfer their assets into an irrevocable trust.
- Offering "instant approval" military loans ("no credit check," "all grades and ranks approved") that can have high interest rates and hidden fees.
- Advertising housing online with military discounts and incentives then cheating service personnel out of the security deposit.
- Trying to sell things like security systems to spouses of deployed military personnel by saying the service member ordered it to protect his or her family.
- Selling stolen vehicles at low prices by claiming to be soldiers who need to sell fast because they've been deployed.
- Posing as government contractors recruiting veterans and then asking for a copy of the job applicants' passport (that contains important personal information).
- Posing for online dating services as a lonely service member in a remote part of Iraq or Afghanistan, and then asking for money to be wired to a third party for some emergency.

If you plan on donating to a military-affiliated charity this year, here are some tips on how to avoid scams:

- Watch out for charities that sound similar to more well-known ones. Many fake veterans' charities include the same words in different order or form to appear legitimate.
- Look for a clear description of the organization's programs in its appeals and on its website. If the charity says it's helping veterans, does it explain how (financial assistance, shelter, counseling) and where it is doing so?
- Telemarketing can be a costly method of fundraising unless carefully managed. If called, do not hesitate to ask for written information on the charity and its finances before making a decision.
- Be wary of excessive pressure in fundraising. Don't be pressured to make an immediate on-the-spot donation. Legitimate charities will welcome your gift whenever you want to send it.
- If donating clothing or other goods, find out how the charity benefits from the collection and re-sale of gifts.
- Check first before giving for free with charity monitoring services like BBB's give.org.

For more tips on scams, visit [www.bbb.org](http://www.bbb.org), like us on Facebook and follow us on Twitter.

## Mayor Emanuel, Department Of Streets And Sanitation Announce 6,600 Trees Planted In Chicago This Year, Exceeding Projections

Mayor Rahm Emanuel joined Department of Streets and Sanitation (DSS) Commissioner Charles L. Williams today as crews completed the 2014 tree planting plan that included more than 6,600 plantings citywide—surpassing initial projections by more than 300 trees.

"Chicago was one of the first cities where planting trees and urban forests were part of the City's plan and design," said Mayor Emanuel. "By planting thousands of trees each year, we are helping to maintain the urban canopy's vibrancy for generations to come."

This year, a total of 6,652 trees were planted citywide as part of Mayor Emanuel's "Building A New Chicago" infrastructure investment program. The City's 2014 tree planting plan was a multi-department effort that included more than 3,400 residential street plantings coordinated by DSS, more than 3,000 infrastructure enhancement plantings coordinated by Chicago Department of Transportation and nearly 200 plantings supported by the Department of Aviation and the Department of Planning and Development. Next year, a total of 7,800 trees are projected to be planted – an increase over this year since the Mayor has dedicated an additional \$400,000 to tree planting in his 2015 budget.

"Chicago's urban tree canopy provides countless benefits to our environment from reduced carbon dioxide levels to storm water interception to increased property values," said Commissioner Williams. "By continuing to plant trees and provide necessary forestry maintenance, the City is protecting this important community asset."

Mayor Emanuel's 2014 budget included additional funding to support tree planting. These newly planted trees will provide more than \$270,000 in environmental benefits and property value improvements each year. The 6,600 new trees can intercept more than one million gallons of storm water annually, conserve more than 82,000 kilowatts of energy annually and sequester more than 360,000 pounds of carbon dioxide. These figures are calculated using the National Tree Benefit calculator and are based on the specified size of the tree, type of tree and if the tree is planted in a commercial area or a residential area. Trees are considered a value appreciating resource as trees pay for themselves approximately seven years following establishment.

Chicago has an estimated 3.5 million trees on both public and private property, covering more than 17 percent of the area, according to the U.S. Department of Agriculture.

## City Of Chicago Accepting Nominations For '2014 Taxicab Driver Excellence Award'

The City of Chicago's Department of Business Affairs and Consumer Protection has opened the nomination period for the "2014 Taxicab Driver Excellence Award."

The City will award a taxicab medallion to an exemplary taxicab driver who drives a wheelchair accessible vehicle, serves the disabled community, and provides exemplary customer service to passengers. Nominations will be accepted from Nov. 1, 2014 until Jan. 5, 2015.

The award is part of Mayor Emanuel's initiatives to promote and incentivize the growth of wheelchair accessible vehicles in Chicago and provide services to people with disabilities.

"We hear about dedicated drivers going above and beyond the call of duty to help a passenger often," said Commissioner Maria Guerra Lapacek of Business Affairs and Consumer Protection. "Now, we want the passengers who depend on these drivers to let us know who they think have earned a taxicab medallion by providing outstanding service and to the disabled community."

Nomination form forms are available at [www.cityofchicago.org/bacp](http://www.cityofchicago.org/bacp).

### Eligible Taxicab Drivers MUST at a minimum:

## FAiR Coalition Asks "Where Is The Mayor?"

On Thursday, October 30 at 4:45pm the Fair Allocation in Runways (FAiR) Coalition received notice from a local news source that on Friday, October 31, 2014 at 10am at the Chicago City Council Budget Hearings questions would be posed to the Chicago Department of Aviation regarding the massive increase in planes, noise and pollution resulting from the October 2013 changes made to O'Hare runway and takeoff patterns affecting tens of thousands of city residents. These changes were made without any real community input and the hearings on Friday, October 31 seem to be much of the same, no real community input. While FAiR welcomes yet another platform through which this issue can be discussed, the exclusion of FAiR, the leading voice for residents in both the city and suburbs impacted by the changes made at O'Hare at Midway, is troubling.

"We're disappointed to learn about this hearing at the last minute, but not surprised. Unfortunately many things that have impacted our quality of life have been announced at the last minute with little or no input from the very people that these actions impact, including the insane levels of loud, low-flying aircraft flooding the skies over our neighborhoods. We're pleased that Alderwoman Laurino is speaking on the matter but as a trusted ally of Mayor Emanuel, she needs to get him (the Mayor) to meet with FAiR immediately." Said Kevin Robinson, FAiR Leadership Team member.

FAiR also notes the ongoing absence of the only missing voice from the discussion FAiR started and continues to lead in order to find solutions to the airport noise issues: Mayor Emanuel.

Jac Charlier, FAiR Coalition Co-Founder and Leadership Team Member said, "Conspicuously absent once again from all of this is Rahm Emanuel. FAiR has requested to meet with the Mayor nine times. Where is the mayor on an issue that impacts so many taxpaying Chicagoans? At this point, the better question might be 'Where is our democracy?'" Noting that the seriously late and almost secretly announced hearings are being held on October 31, he added, "Seeing that it is Halloween, FAiR is working to bring back to life from the dead democracy in Chicago."

## FAiR FOIA WORKSHOP O'Hare And Midway Airport Data And FOIA Workshop

**Edgebrook Public Library, 2nd Floor Community Room  
Saturday - November 22, 2014 – 10:00 AM to 12:00 Noon  
5331 West Devon Avenue, Chicago, Illinois 60646**

### WORKSHOP PURPOSE:

The change in air traffic patterns mandated by the O'Hare Modernization Program in October 2013 significantly increased jet noise levels, resulting in citizens, civics and organizations (including FAiR) requesting noise and flight data from the Chicago Department of Aviation (CDA) via Freedom of Information Act (FOIA) requests.

Given that the raw data collected via the FOIA requests and/or other sources needs to be critically analyzed, reviewed, cataloged and graphed to transform it into concise, accurate, readable and reportable findings for effective presentation to elected officials, the media and other concerned citizens, Dr. Don Walsh—a member of the Indian Woods Community Association and Fair Allocation in Runways (FAiR) Coalition—will conduct a FOIA Workshop to instruct attendees how to:

- 1) make effective FOIA requests to the CDA and other government agencies for data, reports and information;
- 2) discuss various methodologies to analyze and graph the data received; and
- 3) make accurate, understandable and persuasive reports that quantify the effects of increased levels of jet noise on impacted Chicagoland residents.

### TARGET AUDIENCE:

- 1) FAiR Coalition members
- 2) Concerned citizens;
- 3) Civic and Community Associations; and
- 4) High School/College students having an interest in completing a class project focusing on the increased noise levels for those living under the flight paths used by each O'Hare (ORD) and Midway (MDW).

### COST OF WORKSHOP: FREE

### ITEMS TO BRING TO THE WORKSHOP:

- A laptop;
- Any reports and/or data that you may have already requested/received; and
- A data stick to share data with, and get data from, others in the Workshop related to ORD/MDW noise and aircraft flight operations.

### RSVP: To the FAiR Coalition, at [jac.charlier@gmail.com](mailto:jac.charlier@gmail.com) with:

- Your name, address, email address, organization or school affiliation;
- Any pertinent data collected to date; and
- Any expression of interest in being a presenter at the meeting!
- You do not need to be a FAiR member to attend the workshop

FAiR welcomes the opportunity to learn from the experience and best practices of others, so please let us know if you have researched the jet noise issue and have data, findings and/or analytical methods that you'd like to share with the group!

The Fair Allocation in Runways (FAiR) Coalition is a rapidly growing movement of citizens and civics on Chicago's Northwest side and the near Northwest suburbs. FAiR is the leading voice for city and suburban residents negatively impacted by the runway takeoff and landing patterns implemented in October 2013. FAiR supports the economic engine that is O'Hare, while also seeking a voice in when and how jet engines fly over the residents, homes, parks and schools of impacted communities. FAiR contends that with two more runways yet to be completed, the problems posed by yet more massive increases in airplane traffic will become worse if citizens do not have an active voice in the process.

FAiR requests that residents report airplane noise complaints online, throughout the day, at [www.fairchicago.org](http://www.fairchicago.org) or 800-435-9569.

Citizens and civic organizations are invited to learn more about and join FAiR at [www.fairchicago.org](http://www.fairchicago.org). FAiR is also on Facebook.
